## *Audio International Names Oakenhurst Aircraft Services* EXPANDED CUSTOMER SUPPORT IN EUROPE

North Little Rock, Arkansas, March 1, 2010 – DeCrane Aerospace Audio International (DAAI) continues its expanded customer support structure in Europe with the addition of Oakenhurst Aircraft Services Ltd. as an Authorized Service Center and Repair Facility. Located in Rayleigh Essex, United Kingdom, Oakenhurst is ideally suited to offer OEM's and end users shop-repair services for DAAI's comprehensive CMS/IFE product line. Additionally, Oakenhurst is an extension of the DAAI Warranty Advance Replacement program. This enables eligible customers to request available warranty replacement units to help further minimize any inconveniences of returning a unit for servicing.

Advantages of Oakenhurst as Audio International Authorized Repair Agent include:

- Authorized DAAI Service Facility, including DAAI certified technicians.
- Dual Certified (FAA and EASA).
- Warranty Advance Replacement pool with parts available on-hand for warranty exchange to qualified customers.
- Access to all Audio International internal support staff; (Engineering, Systems/Software, Quality Control, and Field Support).

Serge Gallant, Director of DAAI Customer Support stated, "Audio International is proud of the partnership with Oakenhurst and the support coverage it adds for the DAAI systems, products and services. We continue to expand our Customer Support structure to better serve the DAAI customer base globally."
